VICTORIA INDUSTRIES.

Our Boot and Shoe Factories and Tanneries—A Steady Expansion.

"Nothing Like Leather"—The Home Market Controlled by Victoria Product.

On Saturday a representative of the TIMES made a lengthened inspection of some of the principal boot and shoe manufactories in the city. A description of this industry will be of great interest to all having a desire to see our city prosper and progress in the onward march of trade, commerce and industry. The boot and shoe industry of Victoria is one of which its citizens may well feel proud, principally owing to the firms engaged in manufacturing the principal part of the material required, and well may they say, for the present at all events, "there's nothing like leather." The art of St. Crispan is as old as the world itself. Hides have been well tanned and soles made, lost and sent to perdition from time immemorial all owing to nasty tempers and the frailty of human nature. The tanneries of Victoria and the neighbourhood produce as fine an article of hemlock tanned leather as any on the continent of America. In appearance it comes nearer that of oak tanned; its texture and finish are creditable to the curriers art. The encouragement given to the manufactures of Victoria by a liberal patronage of the trade speaks volumes for the excellence of both work and material. Our province, since the opening of the C. P. R., has been thrown open to the markets of the east and thus cheap labor and extensive machinery of Montreal and elsewhere have been brought into competition with our products, therefore it is a matter of great pride and congratulation to know that our tanneries and shoe factories have, for their peculiar and special work, held the field against all outside competitors and promise fair to even attempt to enter into competition with the East in their own markets. This may be one branch of trade where Chinese labor can be brought to bear against the pauper labor of the large Eastern cities. As yet our manufacturers confine their make to the ordinary requirements of wear, not entering much into the production of the footwear for carriage people. The articles of wear turned out are constructed so as to suit the requirements of the country, are of a superior make in quality and finish, and in this respect defy competition. Prices are also found to be popular, and taking everything into consideration it may be said that the leather tanneries and boot and shoe manufactories of Victoria are in a very prosperous condition. The flooding of the market by eastern manufacturers a few years ago in an attempt to slaughter the British Columbia markets and corner our home products, has become a thing of the past. There is a wide field and a bright future before this particular branch of our industries.

THE VICTORIA BOOT AND SHOE FACTORY,

W. Heathorn, proprietor, on Government street, is well worth a visit. By the kindness and courtesy of the energetic manager, Mr. R. Erskine, we were piloted through the labyruth of belts and machinery of every kind for all purposes of the shoe making trade—from the sole leather cutter to the heel burnisher. Everything was perfect and worked to a nicety. We carefully examined and inspected each machine while performing its alloted task. Here are the McKay (U. S.) sole sewing machine, and English die sole cutters and guages. The Knox Sole shaper and cutter is a most ingenious contrivance. It turns out soles right and left of the various sizes as quick as shelling peas, without one particle of waste. The sole thus cut is then taken to the moulder adjoining, where at one blow it is moulded and fit for for the last. Then it is taken by the sole sewing machine and in a few minutes is firmly fixed in its future position. The ingenous heel trimmers and side trimmers, revolving at the rate of from 1500 to 5000 per minute, on the principal of the planing machine, are quite a study. Mr. Heathorn, jr., was busy at the heel trimmer and illustrated the operation of the several machines in this department. The heel and sole burnishing and finishing machinery are very complete, the brushing and even sand-papering being executed by machinery, the only hand operation being the cutting, lasting, heel building, and riveting. The fitting, lining, binding and button-hole work is carried out by a lady operator with the assistance of a couple of mechanics. The illustrations of the working in this department were many and were performed with ease and accuracy. An examination of the style and quality of the work performed shewed that everything possible to attain excellence in the boot and shoe line is done by the Victoria boot and shoe factory, and under the able management of Mr. Erskine their wares have become noted even beyond the Rocky Mountains. To Mr. Heathorn, sr., must be credited the erection of this substantial, fast increasing business, which threatens to rival those of Montreal at no distant day. He is ably assisted by Mr. Erskine, whose ten years experience in Dublin eminently fitted him for the very responsible position he now holds. The tannery of the firm at Rock Bay turns out some 12,000 sides of leather annually. The firm besides export raw hides largely to the U. S. It is hoped that soon this latter will be reduced to *nil* in consequence of an increasing demand for their own factory wares. The firm employs some six or seven whites and about fifty Chinese on the average. In the tannery from 9 to 12. The monthly pay sheet totals up the respectable sum of $2,200, and the value of the output amounts to about [illegible] annually. The firm's trade is at present provincial, but shipments of leather to Calgary and other points east of the Rockies entitles them to the claim of being the first exporters of native manufactured productions. The raw material used is nearly all home produce, except the "findings," which are imported direct from the manufacturers in the United Kingdom.

THE BELMONT TANNING AND BOOT AND SHOE MANUFACTORY,

Mr. Wm. Dalby, manager, near the corner of Government and Yates streets, is another establishment in the leather business well worth visiting. Mr. Dalby was kind enough to guide us over the establishment and gave every facility for minute enquiry into the workings of the firm. The firms retails their own wares and manufacture the raw material used in their factory and export largely. The goods turned out by the Belmont Co. are all hand made, little or no machinery being employed; the quality and excellence of their wares gains for them a large share of our city and provincial trade. No attempt is made to touch extreme fine work and all attention is devoted to the turning out of an article serviceable and suitable for every day wear. The Belmont firm employs at their tannery near Esquimalt, and noted for the excellency of the water for tanning purposes. Some 3,000 sides of leather are turned out annually, and five or six white men employed all the year round. The hands in the factory are all Chinese except the foreman. The output for the past year was some $100,000. Owing to Eastern competition the wholesale trade has fallen off some $40,000, but consumers found out that Eastern manufacture did not suit the trade of the Province the same as home manufacture, and the demand for the home-made article is becoming stronger every day. The Belmont Company has not been so long in the business as its rival, but the growth of its business has been steady and satisfactory, and the great success which it has attained is attributable to the excellence of its wares and the business tact and experience of its affable and obliging manager. Experience has demonstrated that the home product can retain the home market even against the cheap wares from Montreal, and this fact ought to encourage capitalists to embark in other lines and so help to retain in the Province the vast sums of money that now go to enrich the artisans of the East.

OVER NIAGARA.

A Boat Upsets and a Woman Goes Over the Falls.

SWEPT OVER THE FALLS.

Niagara Falls, July 20—Yesterday afternoon W H Barber went out for a row on the Niagara river, taking with him Mrs P J Tully, of Macon, Ga. When off Navy Island, about three miles above the Falls, the boat in gibing took in some water and Mrs Tully got frightened and went over to the same side as Barber was on, causing the boat to capsize. Both clung to the boat for some time, but eventually the lady lost her hold and was swept down the rapids. Barber was picked up by a yacht in an exhausted condition. Mrs Tully was carried down and swept over the Horse Shoe Falls. Her body has not yet been recovered.

RESTRICTING PAUPER LABOR.

Montreal, July 22—At a mass meeting last evening under the auspices of the Central Trades and Labor Council to protest against pauper immigration, resolutions were passed protesting against convict labor and demanding that the government put a stop to it at once by legislation the same as in the United States. Members of Parliament addressed the meeting in support of the resolutions.

ONLY PARTLY TRUE.

Ottawa, July 18—An agent of the Dominion Government who has just returned from an official visit to British Columbia, reports that, despite the most vigilant watching of the United States officials, large numbers of Chinese are daily smuggling themselves across Puget Sound from Victoria into Washington Territory. He states that the Dominion authorities are powerless to prevent it. It is believed that wishing to rid the country of Chinese, several trades and labor organizations have combined to assist them in working their way into United States territory, knowing that once arrested there they cannot be returned to Canada.

PERSONAL.

Mr T Harper arrived from San Francisco this morning.

Madame DeLaMothe was a passenger from San Francisco on the Mexico.

Mr R Mathison, jr, of Vancouver, the well known job printer, is in the city.

Mr Baillarge, Deputy Minister of Public Works, is on his way to this province.

Mrs S L Kelly and Miss Kelly returned home this morning on the Mexico.

Mr Archie McKinnon has sold out his business in Kamloops, and will remove to Seattle.

Mr J W Meldram and wife arrived this morning on the San Francisco steamer.

Mr Gisborne, Superintendent of Government telegraphs, will visit British Columbia this fall.

—The Yosemite did not arrive till 3 o'clock this morning, having been detained by the train.

Chief Justice Begbie was at Banff on Friday. The French Minister of Japan and suite were also there.

W F Carson, travelling passenger agent of the Northern Pacific Railroad, was in this city on Saturday.

Mr W C Archer and bride, who have been spenning the past few days in town, return to Vancouver to-night.

Mr Wellington McLeod, of Earle & Co., railway contractors, is in the city. He returns to Seattle to-morrow.

Mr "Jock" Boyd, made a business trip to Nanaimo on Saturday, and goes up to the mainland to-morrow.

Mr A J McPherson, of the Bodega, and Mr Hermon, of Garden and Hermon, civil engineers, Vancouver, are in the city.

Ald Braden has been removed from St Joseph's Hospital to his own residence, and will soon be able to attend to business again.

Rev Jas Cormack, who labored in Richmond district, has returned to Kingston, Ont, the moist climate of the coast being unfavorable to asthma from which he is a sufferer.

Mr M E Davis, of the cigar manufacturing firm of S Davis & Son, Montreal, the largest of the kind in the Dominion, is at the Driard and will remain for one week longer.

The following passengers arrived this morning on the Mexico in addition to those published on Friday: O A Giles, E Taylor, J Seaton, G Steel, A Thane, W M Minn and wife, Mr Browen, E A Grivin.

Mrs B Mathison and Miss Annie Mathison, of the Deaf and Dumb Institute, Belleville, Ont, are in the city on a visit, and are the guests of Mrs McLagan, 109 Blanchard Avenue. They will remain here a week or ten days.

A party of distinguished Americans Sound to-day. Among them are Hon. David A Wells, the eminent political economist of Norwich, Conn; Gen Wm Ely, a cotton manufacturer, and owner of a large stock farm. Gen Ely served in the American war, and won his rank by merit. Rev Henry Ruggles, author of "Canada Seen Without Spectacles."

Smoke "Puritan" straight cut Cigarettes.

EUROPE AND AMERICA.

Coleman Offers to Settle With His Creditors for Forty Cents on the Dollar.

Boulanger Defeated in an Election for Chamber of Deputies—Rebels Repulsed.

EVICTING TENANTS.

Dublin, July 20.—The work of evicting tenants was resumed on the Vandeler estate, in the County of Clare, yesterday, and three tenants were evicted peacefully. James Madigan, of Carnacalla, had strongly barricaded his residence and he poured cold water on the evictors, who used sledge-hammers, crowbars and axes in effecting an entrance. Madigan was arrested, together with his relatives, who had assisted him. Several members of Parliament and a number of American and English visitors witnessed the scene.

EMPEROR WILLIAM IN RUSSIA.

St. Petersburg, July 22—Twenty thousand troops passed in review before Emperor William yesterday. In the evening the Czar gave a gala dinner in Peterhoff Palace. The Czarina had Emperor William on her right and the Czar on her left. The Minister of the Court sat opposite with German guests on his right and Russian on his left. All the ministers were present as well as Count Schouvaloff, General VonSchweinitz, foreign minister, and Captain McKellar, of the United States steamer Enterprise. The departure of the German Imperial party takes place to-morrow.

BOULANGER DEFEATED.

Paris, July 23—Boulanger has been defeated in the election in the Department of Ardacbe for the Chamber of Deputies. Blanseer, Opportunist, received 36,534 votes; Boulanger 19,832.

REBELS ATTACK WADY HALFA.

Cairo, July 23.—Four hundred rebels attacked a village near Wady Halfa, yesterday. After severe fighting the rebels were repulsed with severe loss. Twenty villagers were killed or wounded.

LEICESTER MEETING.

London, July 23—This was the first day of the Leicester summer meeting. Seclusion won the Scotland plate.

AMERICAN DISPATCHES.

SENTENCE COMMUTED.

New York, July 23—Governor Hill has commuted the death sentence to imprisonment for life of Chiar Cigcarole, the woman who murdered her husband on October 20th, 1886.

RAILWAY COLLISION.

Lynchburg, Va., July 23.—A collision occurred on the Norfolk & Western Railroad yesterday morning between two freight trains, killing both engineers, one fireman, and five of the crews. Loss, $100,000.

FATAL BOILER EXPLOSION.

St. Louis, July 23.—A boiler exploded at the coal shafts of Williams & Moss, at Secon, Kentucky, yesterday. The engineer and fireman were instantly killed, and three workmen were seriously scalded.

ITALIANS DENOUNCE THE PRESS.

Philadelphia, Pa., July 23—About two thousand Italians assembled yesterday and denounced the action of the Italian Immigration Societies and American press for calling them a pauper class. Resolutions were passed hoping that no law of ostracism would be passed by Congress.

YELLOW FEVER IN FLORIDA.

Plant City, Fla., July 23—Seven new cases of yellow fever have developed here.

RANDALL WILL SURELY DIE.

Washington, July 23—The physicians of Congressman Randall have discovered that he is suffering from cancer of the stomach, and they are forced to the conviction that it is incurable. Mr. Randall bears the revelation with characteristic fortitude. In a few days an exact diagnosis of his condition may be possible, and the result will decide whether it will be best to take him from Washington.

MURDERERS ARRESTED.

Los Angeles, Cal., July 23—Detectives last night arrested Dan Mooney and Eugene White, wanted in Deming, New Mexico, for the murder of a man named Meagher about ten days ago.

REFORMS WANTED.

San Francisco, July 23.—A final report of a jury of the city and county of San Francisco was filed to-day. After commenting on most of the city officials for their work, the report condemns the lack of public spirit among taxpayers, which permits the propagation of "bossism." The Board of Health is called upon to investigate the Chinese quarter, which is denominated as the Sodom of San Francisco. Report intimates that a vigilence committee is a necessity in this city and refers to the power for good of such an organization. Discouragement of prize fighting and a fourth attempt to adopt a new charter is recommended.

SHERIDAN BETTER.

New Bedford, Mass., July 23—Sheridan passed a good night. This morning he is strong and bright and takes solid food.

COLEMAN OFFERS FORTY CENTS.

San Francisco, July 23.—Wm. T. Coleman has come out with an offer to his creditors to-day to settle for forty cents on the dollar.

STABBED TO DEATH.

San Jose, Cal., July 23—A man named Meyers was stabbed to death in a hay field this morning by George McLean. The murderer escaped. Officers from here started in pursuit.

THE VISIBLE SUPPLY.

New York, July 23—The visible supply of grain to July 21st was: Wheat 21,664,810 bushels; corn 7,839,967 bushels; oats 4,323,137 bushels; rye 196,531 bushels; barley 151,426 bushels.

TRIPLE DROWNING.

Portland, Oregon, July 23—Three dead bodies were found in the Willamette river this morning. Two were those of George and Frank Hiebbard, aged respectively seventeen and fourteen years. The boys went swimming yesterday and not returning, search was instituted, which resulted as above. The other body was that of a Chinaman which had been in the water a long time.

PRESIDENT ON CIVIL SERVICE.

Washington, July 23.—The President to-day sent to Congress the fourth report of the Civil Service Commission. Accompanying the document was a communication from the President on the subject. He says, "with the continuance of that intelligent fidelity which has hitherto charactized the work of the Commission, with the continuation and increase of that favor and liberality which have lately been evinced by Congress, in the proper equipment of the Commission for its work, with a firm but conservative and reasonable support of reform by all its friends, and with the disappearance of that opposition which must inevitably follow its better understanding, the execution of a civil service law cannot fail to ultimately answer the hopes in which it had origin."

PACIFIC COMMISSIONERS.

Washington, July 23.—The Senate Committee to which was referred reports of the Pacific Railroad Commissioners, had a short meeting this morning, but did nothing exepting order printing of certain papers. It adjourned to meet next Friday, when the question whether or not the Outhwaite bill shall be reported and pressed to passage in the Senate, in advance of action by the House, will be considered.

SPORTING NOTES.

Baseball and Cricket Matches—Vancouver vs Amity To-morrow.

A half-mile race for $20 aside took place yesterday morning between T. Hodges and C. Bush. Hogdes won easily.

This evening at 7:30 o'clock a foot race will take place on Pandora street between H. McDowell and T Hodges.

The Vancouver lacrosse team telegraphed Mr. D. W. Morrow this afternoon that it will be impossible to play at Victoria on the 28th inst. The game will probably take place on the 4th August.

The baseball game at Beacon Hill on Saturday afternoon between the James Bays and New Westminsters was won by the home team by a score of 21 to 20. Burns and Duck of the Amities played with the New Westminster nine; Schultz played short-stop for the Bay boys. Jackson, Williams, Naylor and Schultz played well; Widdowson scored four runs. Gouge held down second base in good shape; Stannard, Mallendaine and Smith played in the field and made some good catches. Mott, Working and Winter batted well for the visiting nine.

The Vancouver nine arrived this morning and will try conclusions with the James Bay nine at 3:30 o'clock this afternoon. The names and positions of the players in the game will be found below. T. Burnes will act as umpire.

Vancouver.	Position.	Victoria.
Norval	Catcher	Williams
Brown	Pitcher	Jackson
Laing	1st Base	Widdowson
Larwell	2nd Base	Gouge
McLelan	3rd Base	Franklin
Brophy	Short Stop	Mallandaine
Maramet	Right Field	Sullivan
Metz	Left Field	Smith
Martin	Centre Field	Stannard

To-morrow afternoon the Vancouver team will play the Amities on Beacon Hill. The home team will be as follows: Baker, pitcher; Borthwick, catcher; Schultz, first base; Duck, second base; Geo Gowen, third base; N Gowen, short stop; Hannon, right field; Gus Gowen, left field; T Burnes, centre field.

In the cricket match between the Victoria Cricket Club and the New Westminster Club, the visitors received a terrible drubbing. H. Fiennes-Clinton scored 88 runs in the first and only innings for the home team. F. J. Coulthard made 72 runs; B. H. T. Drake 21; Bovill 20; Messrs. Sinclair, Campbell and Snowden made double figures. Lewis and Chappel made good catches for the visitors. Wilson, Miles, Humber, Raymond and Chappel made double figures. Bovill, Martin and Sinclair bowled for the home club. At the conclusion of the match the visitors were entertained at the Colonist Hotel. The score was as follows:

WESTMINSTER.

1st Innings.		2nd Innings.

A baseball tournament will be held at Kamloops about the first week in September on the day of the annual C. P. R. picnic. Among the clubs which it was stated might compete were teams from Medicine Hat, Calgary, Donald, Revelstoke, Kamloops and C. P. R., Nicola, North Bend, Vancouver, New Westminster, Victoria and possibly from Seattle and Tacoma. The following are the prizes to be offered in the tournament: 1st prize, $300 cash, and a trophy of not less than $50 value, and the championship of British Columbia and Northwest Territories; 2nd prize, $150 cash; best local team, $100; consolation prize, $100.

L. E. Myers, the well-known ex-amateur champion sprinter of America, arrived in San Francisco on the last steamer from Australia. "Sprinters in Australia," remarked the great quarter-of-a-mile runner, "are as plentiful as running horses are in America, and what is more astonishing, nearly all of the contestants who start for the big handicaps, are fast men, *i. e.*, from 9¾ seconds up to 10¼ seconds. The sprinters in Australia are housed and kept something similar to horses in America, and whenever a fast man is unearthed who is unknown to the general sporting fraternity, he is captured by the book-makers and trained on the quiet for some big event, which, if he should win, would bring his supporters thousands of dollars."

Toronto, Ont., July 23—Jake Gandaur has refused to row William O'Connor of this city on the ground that O'Conner has not sufficient reputation. O'Conner replies by issuing a challenge to John Teemer to row for the championship of America and for $1000 a side, and as a guarantee of good faith has put up $100. The race to be three miles with a turn on any fair course.

John Harper, the last surviving member of Toronto's first city council, died on the 17th at the age of 82. He was a popular architect, and has left many buildings as a memorial.

THE NEMO MASSACRE.

If half is true which is said of them the villiany of the Alaska Commercial Company is without a parallel in these times. The murder of four of the crew of the schooner Nemo at Copper Island a few weeks ago is said to have been committed at their instigation, as was also the murder of six of the Diana's crew seven years ago. The inhabitants of Copper and surrounding islands are the issue of Russian and Aleut Indian progenitors, and being naturally of fierce temperment are easily induced by emissaries of the company to carry out their diabolical purposes. When the Diana's crew was killed no notice was taken of the matter by the Imperial Government, not even an enquiry being held as upon this occasion. The consequence is that the crime has been repeated by the company relying on the semi-barbarous reputation of the natives to screen them from the disgrace of so outrageous an action. It is sincerely to be hoped then the committee of enquiry having found that the attack and murder of the Nemo's crew was wholly unjustifiable and unprovoked that the Imperial Government will take steps to curb the murderous and piratical propensities of the company. In the present condition of affairs there is no knowing how soon some of our sealers may be shot down while pursuing a lawful occupation in presumable friendly territory.

THE PACIFIC CABLE.

There is a decided improvement in the prospects of the Pacific Cable scheme. Only the other day, says the Canadian Gazette, we recorded the active interest which the Australian delegates showed in the project at the recent Intercolonial Conference at Sydney. Following closely upon this came the gratifying news that H. M. S. Egeria had been charged with the preliminary survey of the proposed line of the cable, and now fresh strength is given to the argument in favor of an alternative telegraphic route to the East by the collapse of the only existing cable between England and the Australian continent. The line between Java and Port Darwin is broken down, and once again the mother country and the whole of Australia are deprived of all means of telegraphic intercommunication. In a time of peace this is serious enough, completely disorganizing as it does the commerce between the two continents. What it would mean in a time of war is a far graver matter, and yet a break-down is even more likely to occur then than now. It is, happily, true that the suspension of all telegraphic communication between Europe and Australia does not occur so frequently as it did two or three years ago, when for one-sixth of the year, on an average, each continent was completely cut off from the other; but the breaks still occur far too often for the peace of mind of the commercial public of both countries, and add not a little force to the contentions which Mr. SANDFORD FLEMING and his friends have long urged. The Australasian Colonies are now more than ever interested in view of the defensive alliance into which they are entering with the Mother Country, and it may be hoped that this latest instance of the supreme folly of trusting to one line of communication alone will strengthen the belief of the Imperial and Australasian Governments and convince even the doubting people of New South Wales that the speedy completion of a second cable by way of Canada is absolutely necessary for the security and well-being of the Empire.

The protest against the return of General Laurie, for Shelburne, is being heard.

A Montreal Alderman has made a proposition to bring the whole island of Montreal under the municipal government.

Mr. James Gillies, of Carleton Place, Ont., will be the Liberal candidate for the local legislature, North Lanark, for the vacancy caused by the death of Mr. D. Hilliard. The constituency is Liberal, although a close one. Only one Tory ever sat for it and he got in under false pretenses.

The report comes from Hongkong that cholera is raging there. Passengers arriving on the trans-Pacific steamers should be examined with care before being allowed to land, and, what is still more important, our cities should be kept clean and healthful. "An ounce of prevention is better than a pound of cure," is the old adage which must not be forgotten.

Another Zulu war seems imminent. They are said to be mustering in formidable numbers. All available forces in Natal have been hurried to the frontier and urgent calls for reinforcements have been sent to Capetown. These have been at once responded to, and a regiment, as well as artillery, horses and supplies, have been at once despatched to the scene of expected hostilities. While the British people were exercising themselves over a possible invasion of their island home, the enemy was preparing to strike at what they supposed a vulnerable point, thousands of miles away. What is the cause of the new Zulu war has not yet transpired.

But a little while ago and Mr. Norquay who saved his seat by two votes was the foremost man in Manitoba. His name has been prominently connected with every step it has made forward. His whole trouble seems to have arisen through his trying to serve two masters—Sir John Macdonald on the one hand and the people of Manitoba on the other, for Sir John and the people were pulling strongly in opposite directions on the question of disallowance. There can be no doubt that Mr. Norquay was sacrificed by Sir John, who could easily have made to him the concessions in regard to the C. P. R., that he afterwards made to Mr. Greenway. His fate should be a warning to others not to allow party fealty to carry them too far.

Goodall, Perkins & Co., of San Francisco, have informed a reporter that the Canadian government renewed the contract for carrying the mails by steamer to Victoria "to encourage American shipping." The reporter very naturally looked incredulous, and was assured that it was a fact. "The Canadian Government," they said, "do more for us than the United States government. We decided not to run further than Puget Sound after this, and they gave us this contract to encourage us to run to Victoria. Every time we make a bid the United States Government sends a man around to see if they can't get it done $2.50 cheaper. The surplus is lying idle in the vaults, but they would rather keep it locked up than to aid shipping. What they seek to accomplish by this niggardly policy is beyond my comprehension." Which statement, although exactly correct, is flattering to the public spirit and enterprise of the Canadians.

The drought in the province of Ontario has been very severe and the prospects are that the crops will be very light. One farmer in Frontenac says: "I have been farming in Frontenac for twenty-two years and can conscientiously say that this is the worst season I have ever experienced. Drought is worse with us than last year and it was bad enough then." Another farmer writing from Meaford says the country is suffering from one of the severest droughts ever known in Ontario and that the crop is gone past redemption. He suggests that the Dominion government should come to the rescue to save the farmer his homestead and to prevent his being forced to go to the States, either by advancing them loans or else by spending ten or fifteen millions on public works in bad counties. Editorially the Mail says either scheme is impracticable, but the mere fact that proposals of this sort should be advanced goes to show that the self-reliance of the community is being sapped by protection and by the system of State aid which has been introduced into almost every walk of life.

Should the White Pasha, who is moving forward in the Bahr-el-Ghazel Province, prove to be Henry M. Stanley, news of his further movements will be awaited with great curiosity and interest. The scanty despatches seem to hint at the possibility of his being engaged in a more ambitious project than that of relieving Emin Bey. Can it be that he has appropriated the mantle of Gordon and conceived the daring design of carrying to completion the unfinished projects of that brave chieftain? For a man of ambitious and daring spirit such a scheme would have strong attractions. He may have discovered that Emin Bey stands in no need of immediate succour. Or it is conceivable that he may have resolved on the occupancy of Khartoum, with the prestige its recapture and the release of its white slaves would confer, as the surest road to the relief of Emin. A leader in the position of Stanley, at the head of a force in the heart of Africa, is in reality an autocratic sovereign, and is not to be judged by ordinary rules. Why might not an American think it a worthy ambition to avenge the death of an English commander and wipe away the reproach of an English expedition?

A Mystery.

Seven Chinese brought here last week over from Seattle by U. S. Marshal Hamilton each produced Canadian certificates and were allowed to land. What troubles the Marshal now is, "where did the Chinamen have those certificates all the time they were in jail?" The prisoners were searched, and carefully, too, so the officers thought when they were arrested, but no trace of a pass could be found upon their persons, and the first intimation the officer had of their existence was when the Mongolians "flashed" them at this city. The American authorities, however, do not feel bad over the way matters terminated, as they have got rid of the Chinamen.

A Generous Spirit.

Archbishop Gross lectured on Sunday evening July 1st, in the Blanton Methodist [illegible] Archbishop took for his subject "the existence of God." The church was crowded with an audience composed principally of non-Catholics. The Catholic *Sentinel* says: "The cordial and courteous manner in which His Grace was received by the citizens of Stayton, particularly the Methodist congregation, does credit to their broad views and generous spirit."

Summer Silks.

From 37½ cents per yard. A special line of pure silk in stripes, 60 cts. per yard, value $1.10, at the City House.

Arrived!

English Window Glass, 16 oz., all sizes; also Stained and Enamelled Glass, at Muirhead and Mann's Sash and Door Factory.

A CHARMING CITY.

How Victoria Struck an Educated and Experienced Traveler.

Dr. Campbell, of Seaforth, Ont., who made a visit to the coast a short time ago has written a brief account of his trip. He describes Victoria as "the beautiful capital of British Columbia"—"a charming city" in which he felt entirely at home. He says: "Next morning we took a walk through the city and found it like a perfect garden; the trees being in blossom, the flowers in bloom, the bees buzzing amongst the flowers, the birds singing and the butterflies sporting in the sunshine. Had he reached at last a land of everlasting spring, where the flowers never wither and the green leaves never fade? Such for the moment was the impression we had of the fair city which has been named in honor of Britain's fairest Queen." The doctor is so kind as to say that "the people are educated." This, however, may be regarded as a doubtful compliment seeing that a wealthy authority has assured us that we were getting to know too much, that "education is going to be the ruination of this country." The writer adds: "They are aristocratic in their manners, resembling the better class of English in this respect. A good sprinkling of people from Ontario, the United States and other places have come in amongst them, introducing their active, go-ahead business habits, and a change for the better will soon come over the spirit of their dream. The people are wealthy, and I was told that they had $12,000,000 laid away in the savings banks." At Beacon Hill Park he obtained one of the finest views he had seen in his travels. "Turning our eyes away from the charming city, and above and beyond it, we observed the hoary head of Mount Baker, with its glittering glaciers, on which we could almost gaze forever. Away to the south of the stormy Straits we see the Olympic Mountains in all their snowy grandeur. The scene equals some in the far-famed 'land of the mountain and the flood,' and the atmosphere is so rare and clear that every object seems near. In gazing on such a soul-stirring landscape as that before me I understand aright the feelings that stirred the fiery spirit of the poet when he sang out clear and shrill, with true poetic contempt:

"Away, ye gay landscapes; ye gardens of roses.
In you let the minions of luxury rove.
Restore me the rocks where the snow flake reposes,
Though still they are sacred to freedom and love.

England! thy beauties are tame and domestic
To one who has roved o'er the mountains.
Oh for the crags that are wild and majestic.
The steep frowning glories of dark Lochnagare.

The doctor pays a deserved compliment to Mr. James Hastie, who showed him around while here.

The Free Delivery.

The number of letters delivered weekly by the carriers has increased rapidly since the inauguration of the new system on the first of the month, and as the advantages of the new system become apparent the four carriers will doubtless have all the work they can conveniently get through with each day. For the information of the public we have been requested to state that the contents of the letter boxes are collected twice each day, at 12:30 p. m. and 9:30 p. m. Letters intended for city delivery that are deposited in the boxes before the first collection will be delivered to the parties address the same evening, between 4 and 6 p. m. Those who desire to have their letters delivered by carrier are again reminded that their correspondents should be requested to address to the street and number, as without such direction letters will remain at the post office until called for. We have heard complaints from the northern portion of the city that several houses were omitted in the numbering, thus preventing the occupants from availing themselves of the new postal facilities, much to their chagrin and disappointment.

Indian Complaints.

Mr. McTiernan, the Indian agent, says the Fraser river Indians are very much dissatisfied on account of the failure of the salmon run. A few days ago all the tribes from Hope to what is known as Cats Landing on the Fraser river sent two petitions to the government concerning the matter. Their chief complaint is that it is on account of the large number of nets belonging to the several canneries at the mouth of the river that the fish have no chance of going up. This complaint is said to be well taken as it is generally believed that the fish have no chance to go up the river on account of the many nets stretched across the mouth and it is hoped that there will be some outcome of the complaints. It is said that there are fishing boats several miles outside of the lighthouse and that the bays along the shores are swarming with fish.

Fruit Jars and Jellies.

Mason's Porcelain Lined Cap and Mason's Improved Gem Jars, in pints, quarts and half gallons; also Tin and Glass Top Jellies, all sizes, at lowest prices, at John Weller's, Fort street.

The Appetite

May be increased, the Digestive organs strengthened, and the bowels regulated, by taking Ayer's Pills. These Pills are purely vegetable in their composition. They contain neither calomel nor any other dangerous drug, and may be taken with perfect safety by persons of all ages.

I was a great sufferer from Dyspepsia and Constipation. I had no appetite, and was constantly afflicted with Headache and Dizziness. I consulted our family doctor, who prescribed for me, at various times, without affording more than temporary relief. I finally commenced taking Ayer's Pills. In a short time my digestion and appetite

IMPROVED

my bowels were regulated, and, by the time I finished two boxes of these Pills my tendency to headaches had disappeared, and I became strong and well.—Darius M. Logan, Wilmington, Del.

I was troubled, for over a year, with Loss of Appetite, and General Debility. I commenced taking Ayer's Pills, and, before finishing half a box of this medicine, my appetite and strength were restored.—C. O. Clark, Danbury, Conn.

Ayer's Pills are the best medicine known to me for regulating the bowels, and for all diseases caused by a disordered Stomach and Liver. I suffered for over three years with Headache, Indigestion, and Constipation. I had no appetite, and was weak and nervous most of the time.

BY USING

three boxes of Ayer's Pills, and at the same time dieting myself, I was completely cured. My digestive organs are now in good order, and I am in perfect health.—P. Lockwood, Topeka, Kans.

Ayer's Pills have benefited me wonderfully. For months I suffered from Indigestion and Headache, was restless at night, and had a bad taste in my mouth every morning. After taking one box of Ayer's Pills, all these troubles disappeared, my food digested well, and my sleep was refreshing.—Henry C. Hemmenway, Rockport, Mass.

I was cured of the Piles by the use of Ayer's Pills. They not only relieved me of that painful disorder, but give me increased vigor, and restored my health.—John Lazarus, St. John, N. B. tf

Ayer's Pills,

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists and Dealers in Medicine.

TORONTO

Industrial Exhibition

SEPTEMBER 10TH TO 22ND, 1888.

BRITISH COLUMBIAN COURT

The exertions to secure the display of a thorough representation of British Columbia's vast mineral wealth, immense agricultural and horticultural resources, and great facilities for developing industries and manufactures of all descriptions, having met—not only with the most encouraging approval from all parts of our Province—but also with the highest appreciation on the part of our Ontario brother-colonists (who are looking by thousands with anxiety towards our advent) I feel induced to repeat my urgent request as expressed in my recent circular that one and all should come forward to make our British Columbia Court at Toronto an unprecedented success.

The attention of intending British Columbia Exhibitors is drawn to the following particulars:

1. ALL ENTRIES to be communicated to me by letter on or before WEDNESDAY, 15th AUGUST, 1888.
2. ENTRIES intended to compete for prizes and medals should be made separately.
3. EXHIBITS to be delivered at Vancouver on or before SATURDAY, 25th AUGUST, 1888, with the exception of such as are of a PERISHABLE NATURE, which will be received until SATURDAY, 1st SEPTEMBER, 1888.
4. EXHIBITS should be CAREFULLY PACKED, and if addressed or marked

MAYOR D. OPPENHEIMER,
Vancouver, B. C.
"TORONTO EXHIBIT."

will be conveyed FREE OF CHARGE by the Railway, Steamboat, Express and other Transport Companies.

5. Exhibitors desirous of further information should communicate their wish's to me without delay.

D. OPPENHEIMER,
City of Vancouver, Mayor.

KOOTENAY VALLEYS.

A Pamphlet Issued by the Kootenay Valleys Company.

We have heard a good deal of late of the Kootenay district of British Columbia. That information has, however, been somewhat scrappy and incomplete, and the Kootenay Valleys Company, Limited, has therefore done well to issue a pamphlet dealing fully with the features and resources of the whole region. The grounds upon which the future prosperity of this promising region is based are three in number: Its mineral wealth, with which the present pamphlet deals in detail; its rivers, which are ready channels of commerce; and its geographical position, about half-way between two of the greatest railway systems of North America, with each of which these same rivers offer means of communication. In the district thus happily situated there are three great valleys—the Lower Kootenay Valley, the Upper Kootenay Valley, and the Columbia Valley. To each of these valleys detailed consideration is given, special attention being directed to the scenic, climatic, mining, and agricultural attractions of each. No one, of course, denies that to the less hardy type of colonist the milder climate of British Columbia gives its arable lands a decided advantage over the fertile prairies of the Northwest; and this fact, combined with the undoubted capabilities of the regions served by the Kootenay and Columbia rivers must hasten the settlement of the Province when its interior becomes more opened up to the outside world. Already, the pamphlet tells us, the Kootenay Valleys Company is constructing a canal to connect the Kootenay River with the Columbia River, over the fertile watershed known as the Canal Flat, and estimated to contain about 2,000 acres of rich alluvial land. By means of this canal over 200 miles of river navigation will be opened up and the development of the promising mineral, timber, coal, agricultural, and grazing resources of the Upper Kootenay country must speedily follow. Another chartered enterprise is the construction of a railway from Golden up the Columbia Valley, across the Canal Flat, and down the Upper Kootenay Valley; while railways from the beds of excellent steam coal in the Crow's Nest Pass to the Kootenay Lake country—where coal, we are told, will be much needed for smelting purposes—and from the line of the Canadian Pacific through the whole region to the United States railway systems on the South, are looked upon as projects which must speedily take practical shape. The whole country is undoubtedly one of much promise, and its successful development can only be a question of a few years. Copies of the pamphlet are obtainable at Messrs. Allsop & Mason's, Victoria; or at the offices of the Kootenay Valley Co., Limited, 42 Queen Victoria street, London, E. C.

INTERIOR NEWS.

[From the Inland Sentinel.]

Capt. Sanderson's steamer works like a charm, and the builder deserves all credit.

On Wednesday and Thursday the thermometer registered 90 degrees in the shade at Kamloops.

On Sunday morning a young man named Graves blew his left hand to pieces at Donald while emptying a cartridge.

The Jenny Long mine, owned by Messrs. Jones & Deardon, is now down about 46 feet, and is looking fine every piece of ore showing free gold.

Considerable excitement exists in Nicola over several cases of land jumping. Lack of tact and loose business principles seem to be the cause of the trouble.

The Columbia River Transportation Company are about concluding a large contract for the carrying of Toad Mountain ore, if satisfactory terms with the C. P. R. can be arranged.

Mr. Alex. Matheson, who left Kamloops on Saturday last on a visit to Banff Springs, returned home Tuesday and left Wednesday night for New Westminster hospital.

Quite a number of private parties are engaged in developing lodes, and it is the opinion of those who ought to know that the Ille-illewaet mines will prove the best in the Kootenay District.

The Henderson Concentration Works at Nicola are completed and the connection by tramway between the mine and the mill will be arranged in a few days, when the work of crushing ore will be started.

The Selkirk S. & M. Co. are shipping ore at the rate of $300 worth per day, which is being packed from the mine on mules' backs, then sent on to San Francisco by the railway and ocean steamer. The Manager, Mr. E. G. Tilton, stores three times as much ore as he ships. The workings of the mine on the 100-foot level show in places some 29 feet of good ore, which, when inspected by candle-light, sparkles like diamonds. As is usually the case in silver and galena mines, the ore has increased in richness at the 100 foot level from 25 to 30 ounces in silver, as compared with what it was close to the surface, the average at that depth being 94 or 95 ounces in silver to the ton, with 82 or 83 per cent. in lead, making its present value in San Francisco at least $150 per ton.

An Explanation.

What is this "nervous trouble" with which so many seem now to be afflicted? If you will remember a few years ago the word Malaria was comparatively unknown—to-day it is as common as any word in the English language, yet this word covers only the meaning of another word used by our forefathers in times past. So it is with nervous diseases, as they and Malaria are intended to cover what our grandfathers called Biliousness, and all are caused by troubles that arise from a diseased condition of the Liver which in performing its functions finding it cannot dispose of the bile through the ordinary channel is compelled to pass it off through the system, causing nervous troubles, Malaria, Bilious Fever, etc. You who are suffering can well appreciate a cure. We recommend Green's August Flower. Its cures are marvelous. *

A movement is on foot to establish stockyards in Winnipeg.

An American cricket eleven is to visit Winnipeg from July 27th to the 30th and will play a series of games.

The grasshoppers that have appeared in some parts of Manitoba are not the Rocky Mountain variety, and can do no harm.

At the Masonic Grand Lodge meeting [illegible], of Kingston, was elected Grand Master and Ross Robertson of Toronto, Deputy Grand Master.

McGarigle, the Chicago boodler, is at Banff. He proposes to go into the transfer business, in which he thinks he has had some experience.

Mrs. Kiralfy, who is Blondin's manager, is making arrangements to have Blondin cross the Niagara Falls before he returns to Europe. Blondin asks $10,000 for the performance. The terms will probably be accepted, and an exhibition given in about three weeks.

In view of the large number of Mormon families which are daily coming into the Canadian Northwest from Utah and settling near Fort Macleod, the Government has issued strict orders to the officers there to suppress at once and report any attempt by them to introduce or follow the tenets of their doctrine as regards polygamy.

TO THE INCREDULOUS.

There was Never the Man Who was Fooled or Humbugged—He Humbugs Himself.

The human race affords in itself a most singular study. There are among the many class of thinkers, those who repose too much confidence in others, too little confidence in themselves, or no confidence in anything. The man who knows it all himself, the man who thinks somebody else knows it all and the man who thinks he knows who knows it all. The egotist, the simpleton and the skeptic. Recognizing the fact that people require more substantial evidence than mere words and promises, Drs. Darrin resort to the most legitimate method of advertising themselves by advertising their cures. That those among the community may be afforded an opportunity of investigating before calling in person upon the doctors, the following testimonials are published bearing evidence of the doctors' ability and skill as well as success.

DEAFNESS CURED IN TEN MINUTES.

Mr. Editor—Dear Sir: I reside in North Yakima, W. T. I consulted Drs. Darrin for deafness. My left ear was totally deaf. With one operation with Drs. Darrin's electro-magnetic cure, of ten minutes, I was made to hear as well as ever in my life. Can be referred to as to the truth of my statement.

C. V. FOWLER.

AN OPEN LETTER.

SEATTLE, W. T.

DRS. DARRIN—Gentlemen: I now take the pleasure of writing you that after a full course of your electro-magnetic treatment I am entirely cured of a pain in my chest which has troubled me for over eight years. Having been under treatment by doctors of Liverpool, Glasgow, Calcutta and San Francisco, none of them did me any good until I came under your treatment, which I am sure has permanently cured me, for which, gentlemen, I beg to remain,

Yours gratefully,
WILLIAM LITTLE.

ASTHMA AND OPIUM HABIT CURED.

MR. EDITOR—Dear Sir: I have been troubled with asthma for the past thirteen months, so bad as not to be able to do a day's work, and have suffered "torments of the damned." The paroxysms were so severe that my life was many thought to be despaired of. I had tried everything, and a great many physicians. In order to get relief I had to resort to morphine, until I had contracted the habit. I put myself under their electro-magnetic treatment. Now, after several treatments, I am entirely cured of my asthma and the morphine habit, and I have no craving for the drug. I can be referred to at the McKenzie House, foot of Marion street, Seattle, W. T.

H. A. JOHNSON.

CURE OF CATARRH AND VARICOSE VEINS.

TO THE PUBLIC: For ten years I have been troubled with a very disagreeable catarrh and bronchitis. I finally got so bad that I had to give up my business of ranching and riding for my stock. The catarrh extended to my lungs and stomach. My physicians gave me up as incurable. Last October I came to Drs. Darrin, and now, after three months' treatment, I consider myself so far restored as to be able to do all my own work. Before treatment I had to give up horseback riding, and could not attend to my stock at all; now I can remain in the saddle all day without fatigue. My wife had also been troubled with dropsy, milk leg and varicose veins, so she could only walk with the greatest inconvenience, and it was painful to the touch, and finally broke out in a running sore. Drs. Darrin sent her medicines, and to our glad joy, she is entirely cured.

Refer to me at Sprague, W. T.

FREDERICK MOHS.

The above gentleman, Mr. Mohs, owns a farm of 2700 acres and hundreds of cattle and horses, and these statements coming from a man of undoubted integrity, and whose reputation for veracity is above suspicion; must be admitted as positively true.

SCIATIC RHEUMATISM CURED.

MR. EDITOR—Dear Sir: For nearly a year I have been afflicted with sciatic rheumatism, and was so bad as to be unable to sit upon a chair or to get around, and suffered tortures indescribable. I came to the Drs. Darrin, Seattle, W. T., and went under their electro-magnetic treatment and home treatment. I now consider myself entirely cured. Can be referred to at Port Blakely, W. T.

S. F. HOSKINSON.

DEAFNESS AND DISCHARGING EARS CURED.

TO THE PUBLIC: I have been troubled with deafness and a discharge of one ear for over twenty years, and have tried everything. I placed myself under the Drs. Darrin's electro-magnetic treatment and I am now cured of my long standing trouble. I cheerfully recommend the doctors to afflicted humanity. Can be referred to at Stuck Junction, W. T.

JOHN WOLFLIN.

OVERFLOWING TEARS CHECKED.

TO THE PUBLIC: For a number of years I have been troubled with overflowing of tears down my cheeks, and have been operated on a number of times by a physician without success. Called on the Drs. Darrin at the International Hotel, Cherry street, and they operated upon my eye, and I now feel great relief for the first time in fourteen years. I can be referred to at 1351 Railroad street, Tacoma, W. T.

MRS. A. J. QUENTAL.

A CERTIFIED CURE.

This is to certify that I have been troubled with weak eyes for over a year past, and with a constant pain over the eye and ball, and was almost blind at times. I went to Drs. Darrin and put myself under their electro-magnetic treatment, with the happiest results, as I consider myself cured. I can be gladly referred to at White River, W. T.

JOHN MULLEN.

OFFICE HOURS AND PLACE OF BUSINESS.

The Drs. Darrin are located at the International Hotel, Cherry street, Seattle, W. T. Consultation free.

Office hours, from 10 to 4 daily; evenings, 7 to 8; Sundays 10 to 12. All curable chronic diseases, blood taints, taints, stricture, catarrh and deafness are confidentially and successfully treated. Circulars sent free. Most cases can receive home treatment after a visit to the doctors' office.

(The Drs. Darrin also have a branch office at 235 Fifth street, Portland, Or., where any in that vicinity can consult them.)

Patronize Home Industry.

Having just completed some more of their style A pianos, Messrs. Goodwin & Jordan invite intending purchasers to call at the factory, where the instruments and testimonials from former customers may be seen.

Corner of Fort and Broad streets. *

Well Done Bell.

Princess Louise, wishing to buy an organ this fall, requested two of London's most famous organists to select one, and after a thorough test they chose one of W. Bell & Co.'s. C. A. Lombard & Co. are the sole agents for British Columbia.*

—A. C. West, Dentist, extracts teeth absolutely without pain by a new process.

NEW ADVERTISEMENTS.

A BY-LAW

To enable the Corporation of the City of Victoria to raise the sum of $9,000.00 for Cemetery Purposes.

WHEREAS IT IS EXPEDIENT TO RAISE a sum of money for the purpose of improving Ross Bay Cemetery, and acquiring land to enlarge the same.

And, Whereas, for the purposes aforesaid it is intended to raise by way of loan upon the credit of the said City the sum of $9,000.00.

And, Whereas, it will require the sum of $576.00 to be raised annually by special rate for paying the debt intended to be hereby created and the interest thereon.

And, Whereas, the amount of the whole rateable property of the said Corporation according to the last revised Assessment Roll is $5,600,000.

And, Whereas, for paying the interest and creating an equal yearly sinking fund for paying the principal of the said debt intended to be hereby created according to the Municipality Act, 1881, an annual special rate of 1-98 of one per cent. on the dollar will be required.

And, Whereas, it is intended to reduce the general rate so that the said special rate shall not increase the total rate of taxation.

Be it therefore enacted by the Mayor and Council of the Corporation of the City of Victoria, as follows:—

1. It shall be lawful for the Mayor of the said City to raise by way of loan from any person or persons, or body or bodies corporate, who may be willing to advance the same upon the credit of the debentures hereinafter mentioned, a sum of money not exceeding in the whole the sum of $9,000.00, and to cause the same to be paid into the hands of the Treasurer of the said Corporation for the purpose and with the object hereinbefore recited.

2. It shall be lawful for the said Mayor to cause any number of debentures to be made for such sums of money as may be required either in currency or in sterling money not less than $500, or the sterling equivalent of that sum, and each and all such debentures shall be sealed with the common seal of the said Corporation and signed by the Mayor.

3. The said debentures shall be made payable in forty years from the date hereinafter mentioned for this by-law to take effect, at the office of the Treasurer of the said Corporation at the City Hall, Victoria, and shall have attached to them coupons for the payment of the interest.

4. The said debentures shall bear interest at the rate of five per cent. per annum from the date thereof, which interest shall be payable half yearly at the office of the said Treasurer.

5. For the purpose of forming a sinking fund for the payment of the said debentures and the interest to become due thereon, an equal special rate of 1-98 of one per cent. on the dollar shall in addition to all other rates be raised, levied and collected in each year upon all rateable property within the said City of Victoria during the continuance of the said debentures or any of them.

6. It shall be lawful for the said Corporation from time to time to re-purchase any of the said debentures at such price as shall in each case be mutually agreed upon, and all debentures so repurchased shall be forthwith cancelled and no re-issue of debentures or any debentures shall be made in consequence of such re-purchase.

7. This by-law shall, before the final passing thereof, receive the assent of the electors of the said Corporation in the manner provided by the Municipal Act, 1881, and shall take effect on the 25th day of August, 1888.

8. This by-law may be cited as the Cemetery Improvement By-Law, 1888.

Passed the Municipal Council the 18th day of July, A.D., 1888.

Take notice that the above is a true copy of the proposed by-law upon which the vote of the municipality will be taken at the Deluge Engine House for Yates Street Ward; the City Hall for Johnson Street Ward, and the Hook & Ladder House for James Bay Ward, on Tuesday, the 31st day of July, A. D., 1888, from 10 o'clock a. m., to 4 o'clock. p. m.

JAMES D. ROBINSON,

A BY-LAW

To enable the Corporation of the City of Victoria to raise the sum of $13,000 for Park purposes.

WHEREAS IT IS EXPEDIENT TO RAISE a sum of money for the purpose of fencing and beautifying Beacon Hill Park;

And, Whereas, for the purposes aforesaid, it is intended to raise by way of loan upon the credit of the said city the sum of $13,000.00;

And, Whereas, it will require the sum of $832.00 to be raised annually by special rate for paying the debt intended to be hereby created and the interest thereon;

And, Whereas, the amount of the whole rateable property of the said corporation, according to the last revised assessment roll, is $5,600,000.00;

And, Whereas, for paying the interest and creating an equal yearly sinking fund for paying the principal of the said debt, intended to be hereby created according to the Municipality Act, 1881, an annual special rate of 1-68 of one per cent on the dollar will be required;

And, Whereas, it is intended to reduce the general rate so that the said special rate shall not increase the total rate of taxation;

Be it, therefore, enacted by the Mayor and Council, of the Corporation of the City of Victoria, as follows:—

1. It shall be lawful for the Mayor of the said city to raise by way of loan from any person or persons, or body or bodies corporate, who may be willing to advance the same upon the credit of the debentures hereinafter mentioned, a sum of money not exceeding in the whole the sum of $13,000.00, and to cause the same to be paid into the hands of the Treasurer of the said corporation for the purpose and with the object hereinbefore recited;

2. It shall be lawful for the said Mayor to cause any number of debentures to be made for such sums of money as may be required either in currency or in sterling money, not less than $500.00, or the sterling equivalent of that sum and each and all such debentures shall be sealed with the common seal of the said Corporation, and signed by the Mayor;

3. The said debentures shall be made payable in 40 years from the date hereinafter mentioned for this by-law to take effect at the office of the Treasurer of the said Corporation, at the City Hall, Victoria, and shall have attached to them coupons for the payment of the interest;

4. The said debentures shall bear interest at the rate of five per cent. per annum, from the date thereof which interest shall be payable half yearly at the office of the said Treasurer;

5. For the purpose of forming a sinking fund for the payment of the said debentures and the interest to become due thereon, an equal special rate of 1-68 of one per cent. on the dollar shall in addition to all other rates be raised, levied and collected in each year upon all rateable property within the said city of Victoria during the continuance of the said debentures or any of them.

6. It shall be lawful for the said Corporation from time to time to re-purchase any of the said debentures at such price as shall in each case be mutually agreed, and all debentures so re-purchased shall be forthwith cancelled, and no re-issue of debentures, or any debentures shall be made in consequence of such re-purchase;

7. This by-law shall, before the final passing thereof, receive the assent of the electors of the said Corporation in the manner provided by the Municipal Act, 1881, and shall take effect on the 25th day of August, 1888.

8. This by-law may be cited as the Beacon Hill Park Improvement By-Law, 1888.

Passed the Municipal Council the 18th day of July, A. D., 1888.

Take notice that the above is a true copy of the proposed by-law upon which the vote of the municipality will be taken at the Deluge Engine House for Yates Street Ward; the City Hall, for Johnson Street Ward, and the Hook & Ladder House for James Bay Ward, on Tuesday the 31st day of July, A. MUNICIPAL.

A BY-LAW

To enable the Corporation of the City of Victoria to raise the sum of $20,000 for Water Works Purposes.

WHEREAS IT IS EXPEDIENT TO RAISE a sum of money for the purpose of purchasing Cast Iron Pipes for the distribution of water throughout the City and for laying the same and other water pipes within the City.

AND, WHEREAS, for the purposes aforesaid it is intended to raise by way of loan upon the credit of the said City the sum of $20,000.

AND, WHEREAS, it will require the sum of $1,266.00 to be raised annually by special rate for paying the debt intended to be hereby created and the interest thereon.

And, Whereas, the amount of the whole rateable property of the said Corporation according to the last revised Assessment Roll is $5,600,000.

And, Whereas, for paying the interest and creating an equal yearly sinking fund for paying the principal of the said debt intended to be hereby created according to the Municipality Act, 1881, an annual special rate of 1-44 of one per cent. on the dollar will be required.

And, Whereas, it is intended to reduce the general rate so that the said special rate shall not increase the total rate of taxation.

Be it therefore enacted by the Mayor and Council of the Corporation of the City of Victoria, as follows:—

1. It shall be lawful for the Mayor of the said City to raise by way of loan from any person or persons, or body or bodies corporate, who may be willing to advance the same upon the credit of the debentures hereinafter mentioned a sum of money not exceeding in the whole the sum of $20,000.00, and to cause the same to be paid into the hands of the Treasurer of the said Corporation for that purpose and with the object hereinbefore recited.

2. It shall be lawful for the said Mayor to cause any number of debentures to be made for such sums of money as may be required either in currency or in sterling money not less than $500.00, or the sterling equivalent of that sum, and each and all such debentures shall be sealed with the common seal of the said Corporation and signed by the Mayor.

3. The said debentures shall be made payable in forty years from the date hereinafter mentioned for this by-law to take effect at the office of the Treasurer of the said Corporation at the City Hall, Victoria, and shall have attached to them coupons for the payment of the interest.

4. The said debentures shall bear interest at the rate of five per cent. per annum from the date thereof which interest shall be payable half yearly at the office of the said Treasurer.

5. For the purpose of forming a sinking fund for the payment of the said debentures and the interest to become due thereon an equal special rate of 1-44 of one per cent. on the dollar shall in addition to all other rates be raised, levied and collected in each year upon all rateable property within the said City of Victoria during the continuance of the said debentures or any of them.

6. It shall be lawful for the said Corporation from time to time to re-purchase any of the said debentures at such price as shall in each case be mutually agreed upon, and all debentures so repurchased shall be forthwith cancelled and no re-issue of debentures or any debentures shall be made in consequence of such re-purchase.

7. This by-law shall before the final passing thereof receive the assent of the electors of the said Corporation in the manner provided by the Municipal Act, 1881, and shall take effect on the 25th day of August, 1888.

8. This by-law may be cited as "Water Works Loan By-Law, 1888."

Passed the Municipal Council the 18th day of July, A. D. 1888.

Take Notice that the above is a true copy of the proposed By-Law upon which the vote of the Municipality will be taken at the Deluge Engine House for Yates Street Ward; the City Hall for Johnson Street Ward, and the Hook and Ladder House for James Bay Ward, on Tuesday, the 31st day of July, A. CITY AND PROVINCE.

—Ice Cream at Steitz's.

—Kurtz's Jubilee Cigars are now ready.

—Oysters and Turtles at Poodle Dog.

—Over a hundred passengers by the Yosemite last night from Vancouver.

—Hawks are killing canaries in Vancouver while the cages are hanging outside.

—Photographic views along the line of the C. P. R in B. C., and views of Alaska for sale at R. MAYNARD'S, Douglas St.

—Hot luncheon between 12 and 2:30 daily, except Sunday, at the Boomerang. McDermott & Cliffe, proprietors.

—A fracas took place in a saloon on Broad street on Saturday night. One of the belligerants bit off the finger of the other man. No arrests.

—Tomb and Headstones, Monuments, in Marble, imported and local Granite, Mantle pieces and Wash Stands in Marble, artistically executed, and at reasonable rates, at George Hadge's Marble Works, Douglas street, Victoria. Call and see specimens of work.

—A Chinese funeral passed through the streets this morning. It was accompanied by the usual fife and tin-pan music.

—**Ross & Ceperley, Real Estate and Insurance. C. P. R. Co.'s lots for sale; correspondence solicited. P. O. Block, Hastings street, Vancouver, B. C.**

—On Saturday a drunken crowd of men were encamped in the brush near the Lion Brewery, on the Cedar Hill road. They followed a number of residents in the locality and were very abusive.

—Not a particle of calomel, nor any other deleterious substance enters into the composition of Ayer's Pills. On the contrary, this medicine is carefully compounded from the curative properties of purely vegetable substances. Try it.

—Last evening, while a young man was stepping into a boat at the Gorge, he missed his footing and fell into the water. He was pulled out none the worse for his drenching.

—For the largest and best assortment of FURNITURE, CARPETS, CROCKERY, GLASSWARE, LAMPS, &c., go to J. SEHL, Government Street, where you are sure to get suited in style, quality and lowest prices.

—The San Francisco steamer brought 1,325 tons of freight for the following places: Victoria, 220 tons; Vancouver, 170 tons; Port Townsend, 83 tons; Seattle, 560 tons; Tacoma, 292 tons.

—If you wish to restore the bloom to your wasted cheek, and so improve your health that plumpness and strength will succeed emaciation and debility, purify your blood with Ayer's Sarsaparilla. This remedy will benefit you more surely and speedily than any other.

Dr. Bergmann, in his report on the death of Emperor Frederick, is particularly severe on Dr. Mackenzie. He considers him a weak character, who, having made a great error in diagnosing the Emperor's disease, preferred sacrificing his patient to confessing his mistake.

—Mr. Peter Jamieson of this city has opened a restaurant and cake bakery at Nanaimo, where he has fitted up a place on Mr. Peter Sabiston's premises. We can recommend Mr. Jamieson to the people of Nanaimo, and feel certain that he will meet with success.

—Francis Bourchier has sixty of the best building lots in the city for sale, also two snug little farms of 16 acres each, cleared, well cultivated and stocked. Lots of Port Angeles, Seattle, Vancouver and Whatcom properties can be inspected at his office, cor. Government and Broughton. ju26-1m

R. A. Anderson & Co.

Real estate, insurance and collectors. Correspondence solicited; 112 Cambie St, Vancouver, B. C.

Whatcom.

Buy Whatcom lots before the boom comes.

The Largest.

S. Davis & Sons are the largest Cigar Makers in the Dominion of Canada, and one of the largest in the world. 3t

Consecration.

Bishop Lemmens will be consecrated in the R. C. pro-Cathedral, on Sunday, August 5th. Archbishop Gross, of Oregon, will be present with a number of prelates from the mainland, Puget Sound and Idaho.

Two Cases.

Two rape cases are to be tried at Donald this week. The one is the Ritchie case and the other against Archer, of Golden, who disappeared at the time the charge was made, but who has since returned and given himself up for trial.

The Young Ladies' Journal.

This excellent ladies' journal for August has been placed on our table by Ferguson & Co. It is an unusually fine number and replete in the latest fashions, hints in fancy work, patterns, cute and family reading matter. For sale at Ferguson & Co.'s; price, 35 cents.

Ice Cream Festival.

The Young People's Society of the Calvary Baptist Church will give a literary entertainment and ice-cream festival Tuesday evening the 24th, at the church on Herald street. A good programme has been provided and a pleasant time may be expected by those who attend. Admission 25 cents.

Discovery of Mercury.

It is reported that cinnabar has been discovered in the Selkirks near Revelstoke. Cinnabar will be better understood as the sulphate of mercury, the mineral from which mercury is taken. It is not found in well defined quantities anywhere on the coast excepting in California. It is quite valuable.

"Let Her Go, Gallagher."

Jack Allen, an Englishman of iron nerve, was hung for murder in New York the other day. After being placed on the scaffold he asked for a drink of whisky, which was refused. He then put the noose around his neck, and turning to the Sheriff, said: "Let her go, Gallagher."

Accident.

Mr. E. O. Corson, foreman in W. Heatborn's boot and shoe factory on Government street, met with an accident this morning. Whilst placing a belt on the machinery he slipped off a high place on which he was standing and fell on a number of boxes. The injuries were not severe, and Mr. Corson expects to be at work again in a day or two.

Sunken Treasure.

An Eastern despatch says: Final preparations for the search of the treasure of the British ship-of-war Bnak, sunk near Delaware breakwater in 1793, are complete, and the expedition has started from Camden in a large vessel, with ocean charts, maps and nautical instruments. The hulk is believed to contain $2,000,000 in Spanish gold.

Northern Pacific Tea Ships.

The ship Wm. J. Rotch, thirty-five days from Japan, with a cargo of tea for New York, St. Paul and Toronto, has arrived at Tacoma. The ship St. Francis, with 3,300 tons of tea, sailed from Hongkong for the same port on the 3rd inst. The ship Republic will leave Japan with about 2,200 tons of tea for Tacoma about August 1st. The bark George Hoomer, which will bring an estimated cargo of 2,800 tons, will leave about twenty days after the Republic.

The Salmon Pack.

A prominent canner, who is in a position to know, gives it as his opinion that the canneries on the Columbia River will be $200,000 behind this season. He bases his belief on the short pack, the amount of gear in the water, the high price of fish and the amount of gear lost. The *Astorian* believes that the canneries will will come a good deal nearer than that to coming out even on the year's work in the aggregate.

Grass Fire.

On Sunday afternoon a number of firemen were called out to prevent a grass fire from spreading on Beacon Hill. The young men worked for some time with wet sacks and other appliances and stopped the blaze which had burned over the whole of the north-east portion of the Hill. Careless boys with matches are blamed for setting the grass on fire and should be made an example of. The park-keeper would be commended if he captured a few of the young scamps and had them punished.

Lecture To-Night.

Father Drummond will deliver a lecture this evening at Philharmonic Hall on the "Unreasonableness of Unbelief shown from arguments admitted by all Christians." Mayor Grant will occupy the chair and introduce the lecturer. Father Drummond delivered the lecture in various cities in the Dominion and held large audiences spellbound with the truths set forth in the subject which is interesting and instructive. It is to be hoped that a large audience will greet the noted divine this evening.

Remember the Sabbath Day.

Rev. Mr. Starr preached last night to a large congregation on the necessity for a Sunday law in this province, and it is needless to say delivered a powerful plea in favor of restrictive legislation. The fourth commandment, "Remember the Sabbath Day and keep it holy" was to some extent recognized by the laws of every English speaking country in the world. On moral grounds alone, apart from religion, a Sabbatical rest was essential to the well-being of the state. The open saloons of Victoria were referred to as a disgrace to our city and an insult and menace to the peace and happiness of a majority of the citizens. The legislator (Mr. Duck we believe) who characterized the effort to obtain a Sunday law as an attempt to reinforce the "blue laws of Connecticut" was advised to study mediæval and modern history, as he evidently was ill informed on the subject, the blue laws be quoted being only a myth. The sermon was one of the ablest of the series on the sins of the city yet delivered.

Try "Gold Block" smoking Tobacco.

OUR TOWN MAJOR.

The City By-Laws—The Eclipse and its Effects—Congratulations.

The Major read, and in sorrow pondered over, the lately published By-Laws. That the proposed services are sorely needed, none can gainsay. His humble opinion, however, is that you might as well attempt to empty out James' Bay with a stable fork as to attempt to do any real permanent good towards our city's necessities with the miserable paltry dribble proposed. The money, if raised—many fear it won't—will, in a great measure, be thrown away. Take at once and pitch by-law, bridge, retaining-wall, and sewers in the James Bay muskeg; it might effect some permanent improvement in the way of filling up; as it stands now, it will go towards filling up some other empty maws. In the name of common sense, what good can be accomplished towards beautifying Beacon Hill with $13,000! If you want to fence it, build a substantial one that will last more than three or four years at most. A stone wall, with iron railings, is the only thing, and $13,000 would not go very far round the park in that way. If any outlay is to be made—oh! bother, what is the use of talking; printing costs 45 cents a thousand m's and original writing 5 cents a square yard—so there is no earthly use in wasting good money in arguing about by-laws that will never pass. The Major had this latter "tip" direct from spirit land; the medium has been round and therefore knows the feelings of the people.

The free library and reading room scheme is good. Twelve hundred dollars a year should go a long way towards maintenance. Here is a chance for you men of money and philanthropy—the latter article seems scarce. You rising manufacturers, you good young men of the Christian Association, you ministers of the gospel, and you "Mr. Morality" of Friday's TIMES, form at once a Mechanic's Institute Association; build in a central locality in the mechanics' neighborhood, a respectable, presentable building containing library, reading room, lecture room, a hall, smoking room, recreation room and refreshment room, with a bar supplied with good wholesome tea, coffee, lemonade and other little light refreshment. Let it be a place where a man can take his wife or his sweetheart, to enjoy a pleasant hour or two. The hall, or lecture room, to have a large organ, and professional or amateur concerts given, at say 5 cents admission, once a week. Such an institution would be a boon indeed to our hard working men. If the manufacturers and and other great employers of labor would dip their hand in their pockets, some would not miss thousands while to others hundreds would seem light. The annual gift of $1200 from the city would nearly pay interest on a sum necessary for the object. The institution, once in running order, would, if placed under good and proper management, be almost self-supporting. Come, now, who will start the ball rolling? Let our Henry Cooper's, George Peabody's and Baroness Coutts', come to the front and do something to leave a more lasting remembrance on this earth than a galvanized iron imitation monument and a perishable flower bed in Ross Bay.

The sewers, oh! the sewers! Thirty thousand dollars under this head would be like a pinch of snuff amongst a battalion of the Rossiure Buffs or a half-pint of potheen to the Royal Irish. It would be a little anyway, and as great things have small beginnings, so must the sewers. But what is the use of all this talk? The Major has written columns on all the needed improvements. Rejoice that by the time the "by-laws" pass, if they do pass, and all the little pickings are handed 'round, that there will be but a small moiety left for expenditure, especially when the familiar resource from all civic peculation, the injunctions, step in and Langley street obtains its share. They are a hungry crowd, and dip deep, very deep, into the vaults of the city treasury.

The water works, oh! yes, the water works. "Ex-Mayors" and "Ex-Councillors" say—well, they say "boah!" The steel pipes seen at the Albion Iron Works should possess all the required qualities. A good drink of pure water is a boon indeed, in a country where a mixture of sugar, hops and water is dished out at a "bit" a drink. The air is dusty and dry; a few fountains for drinking purposes, and let us say for ornaments also, would be an improvement.

The eclipse of the moon sent many star gazing last evening. The change in the lunary household may in a measure account for many mad freaks, especially in the matrimonial line. Editors young and old, sub and chief, even the blooming young suckling in the sanctum of our "great Chinese daily" must keep up with the times. He has at last decided to add a new tile to his roof (some say he sadly requires a slate or two), and has not as yet decided whether it will be a stiff "Christie," and love in one of the billious looking cottages near the public school, or one better adapted for "closeness and coolness."

Sunday, sleepy Sunday. In The Major's church the text was good and the service well rendered, but the preaching—he slept, snored, and dreamed. So would you had you been there. Eclipses tend to make a person drowsy; that may account for it.

THE TOWN MAJOR.

Smoke "Athlete" straight cut Cigarettes.

THE QUEEN OF NIGHT.

How She Looked Under the Shadow—Seen Through a Telescope.

A splendid opportunity was afforded to residents of this side of the continent to view the total eclipse of the moon which occurred last night. The night was clear and calm. The eclipse took place at a convenient hour, the whole programme, in fact, being arranged as if to accommodate the public. The moon entered the shadow about 7:55, Victoria time, and passed out of contact about 11:34 p. m. The Queen of Night, whilst her brightness was dimmed by the dark shadow, was of a deep brownish hue, like a ball of fire or molten iron partially obscured by dense smoke. About 9 o'clock it was full moon, but the city was quite dark. While everybody else were feasting their eyes on the grandeur of the scene, I endeavoring to comprehend, as they gazed on the shadow on the moon of the body on which they were standing, how vast a thing was the universe Mr. O. C. Hastings, our local astronomer, and a few friends were watching the orb of night through a telescope which Mr. Hastings has at his residence. Magnified one hundred times the moon seemed to fill the sky while little stars which are at other times outshone by her brightness and are not seen, loomed up quite plainly. In this connection a curious incident occurred. About the middle of the eclipse the company were startled with the exclamation "Great Jupiter, what is that?" from the astronomer. Readjusting his instrument carefully he took another searching glance at the veiled queen of the night with the remark "St. Andrew's cross I swear; I didn't know before there were any Scotchmen in the moon." Clearly outlined on the face of the planet was a large cross. It happened just at that time that the spire of St. John's church was in conjunction so to speak with the moon the cross on the top of which for the moment was directly over the face of the darkened body. The discovery was of no great importance to astronomical science, but it was decidly amusing. A peep was taken at Jupiter with his belts and moons, at beautiful Mars, double stars which appear to the naked eye as one fixed star and other interesting features of the celestial universe. As the moon passed out of the shadow the sight was a remarkably beautiful one.

Try "Old Chum" cut Smoking Tobacco.

GOLD IN MICHIGAN.

Remarkable Strike of Ore in the Upper Peninsula.

Marquette, Mich., July 20—The *Mining Journal* says: The richest lot of gold rock ever taken from a mine east of the Rocky mountains was brought into Ishpeming this morning from the Lake Superior Company's gold shaft, seven miles northeast of there. The quality of the rock is equal to anything ever taken from this rich shaft, and the quantity surpasses anything ever known. Over 300 pounds of rock was dislodged by a single blast, and is now at the company's office in Ishpeming. Gold is so abundant that it sticks out of the rock, and the best chemists place the value of the 300 pounds at $10,000, while there are others who will bet money that the assay of rock will pan out the value of $60,000.

This is the fifth remarkable rich discovery in this shaft, and many discoveries have not been made public.

Smoke "Derby" Cigarettes.

Our Mines.

There is said to be considerable activity throughout the province just now in the way of prospecting and a good deal of rock is being brought in for assay. The prospects for an active mining development in the province seem better than ever.

The Minstrels.

On Saturday evening Heath & McIntyre's Minstrels performed in the Victoria Theatre. The performance was far above the average and deserved a larger audience. The clog dancing and plantation scenes received loud applause. The orchestra was a great feature and the solos by Spencer, Heath and McIntyre deserve especial mention. Rowe's performance on a small stone slab, where he gave a clog dance and turned somersaults, brought down the house. The troupe will play in New Westminster and Vancouver. The claims to the name of model minstrels is only fair and a treat is in store for the people of the mainland. Should they return to this city the reputation attained on Saturday evening will draw a packed house.

Two Planks.

Winnipeg *Free Press:* The resolutions passed at the Interprovincial Conference have been endorsed by the popular chambers of five of the Provincial Legislatures. They should soon be presented to the Imperial Parliament. In the present condition of the British House of Commons, however, there is little likelihood of their receiving much, if any, attention. But as planks in the Grit platform they will be submitted for the plebiscite at the next Dominion election, the time of which is not, perhaps, very remote. These resolutions and unrestricted reciprocity should carry the Dominion in the same way that the cry of Provincial Rights recently swept Manitoba. They contain a demand for Provincial and individual liberty much larger than this country's claim for free competition in railways.

Emperor William will visit the King of Denmark on his return from Russia.

The Winnipeg City Council has made a grant of $15,000 for the settlement of vacant lands in the vicinity of the city.

The returns are all completed in the Province of Manitoba, and the result is 33 seats for Mr. Greenway and 5 for Mr. Norquay.

The Russian Government will shortly take measures to compel the use of the Russian language in the Baltic Provinces.

Lieutenant-Governor Royal intends at once to push forward the construction of roads and bridges in the Northwest territory to facilitate travel.

It is informally announced that the bye-elections for the Ontario Assembly in East Elgin, North Lanark and Frontenac will not come of till after harvest.

Expenses of the French Capital.

The budget of the expenses of the city of Paris amounts to 303,500,000 francs. The city debt absorbs for the payment of interest and liquidation, 165,000,000; the street paving and cleaning cost 20,000,000; the water and sewer service, 8,000,000,000 trees, lighting and watering, 9,500,000; police, 25,000,000; public charities, 21,000,000; primary and superior instruction, 25,000,000; architecture and fine arts, 4,000,000.—Chicago Times.

Flowers for Wall Street.

Among the many expenses that Wall street brokers have to face every year is the item for flowers with which they brighten and adorn their offices. Winter and summer, spring and fall, huge bunches of expensive posies are kept on hand in many of the very attractive offices. It is reckoned that the average expense for an office is $10 a day. At dusk the office boys and lesser clerks divide the flowers.—Chicago Herald.

Not a Word of Praise.

Mrs. Frou Frou—George, dear, you have never said a word in praise of my reception gown; the blue one, with the V-shaped back, you know.

Mr. F. F. (with a deep drawn sigh)—No, dear; my mental obtuseness is due to the thoughts I had of the V-shaped greenbacks which that dress represents.—Pittsburg Bulletin.

Dakota Editor and Staff.

Stranger (to Dakota landlord)—I noticed a party of scarred and crippled gentlemen at a table in the dining room. War veterans, I s'pose, enjoying an annual dinner?

Dakota Landlord—No, sir; it's a press dinner, given by the editor of the Daily Paralyzer to his staff.—The Epoch.

To Restore Faded Ink.

To restore faded ink on parchment, etc., the Bodleian library, at Oxford, has long employed solution of hydrosulphide of ammonia, which is spread in a thin layer over the writing with a camel's hair pencil.—Scientific American.

Hawaii's Lepers.

The Island of Molakai, Hawaiian reserve for lepers, has received 2,500 victims of this disease during the last fifteen years, and contains a constant population of 700 to 800 lepers, with an annual death-rate of 150.

"Dinners for a penny" are given every week to 1,000 people out of employment by a Birmingham, England, charity organization.

The site of the city of Boston was sold in 1635 by John Blackstone for £30.

Feeding an Elephass Sugar.

The elephants were treated to great blocks of "goor," which is brown sugar in one of its earliest stages. As my own elephant raised her trunk and opened her queer looking mouth in expectation of the usual donation of a few pieces of the size of one's fist, I carefully adjusted between her back teeth a lump larger than a man's head.

I shall never forget the expression of her little eyes as she received this delicious morsel. She kept her head raised aloft to prevent the juice from running out, and then directed her eyes down to me, beaming with elephantine pleasure. She could not swallow the prize; it was too big. Nor could she divide it; it was too sticky. All she could do was to hold it tight and roll her eyes till it melted. These were doubtless the happiest moments of her life.—Youth's Companion.

Darkened by Dirt.

A little Esquiman woman, who left her native home on the eastern shore of Greenland when 15 years old, has resided in this country long enough to learn the language and to develop the fact that Esquimaux are as white as other people when the dirt and grease are washed off. Among other things, she says, the people of her nationality never wash or bathe in all their lives, have no rulers, no form of government, every one does exactly as he or she pleases, and all are contented with their lot, as they know of nothing better.—Chicago Times.

The Largest Fish Market.

The largest and most important fish market in the world is at Billingsgate, London. It has been estimated by competent authority that the enormous mass of 182,000 tons of fish are annually disposed of in this great "piscatorial bourse," as Bertram happily terms it.—Youth's Companion.

Owls and Hawks.

Game Warden Collins, of Connecticut, comes to the defense of owls and hawks by saying that the examination of over 200 specimens of these birds by microscopists proves that they live on small birds, frogs, snakes, mice and grasshoppers. The "small birds" are mostly sparrows, and very few game birds are eaten.—New York Sun.

The Noted Novelist.

Miss Braddon is tall and broad shouldered, but not stout, her constant horseback exercise keeping down any excess of tissue; she has pleasant features; light brown eyes, hair without much trace of gray, and dresses handsomely, sometimes wearing very beautiful diamonds.—Kansas City Times.

Crossley and Hunter, the revivalists, will visit Winnipeg the latter part of August.
